

One of the principal goals of Montessori is that children develop a global vision, a world view which enables them to grasp the unity of the universe and at the same time understand their place in it. Maria Montessori defines the path by which this goal is achieved as “cosmic education, the purpose of which is to give children an impression of the vastness and limitlessness of human knowledge.” We have established levels of giving that reflect this approach to learning, and which will translate your participation in the Capital Campaign to collective and cosmic proportions.

Levels of recognition have been established with a specific dollar range of giving. At the conclusion of our Capital Campaign, an Honor Roll of Donors will be published in appreciation of their generous support. (If so desired, donor names can be held in confidence with “Anonymous” displayed in place of a donor name.)

METHODS OF GIVING

Your gift to our Capital Campaign is greatly appreciated. There are many methods of giving – listed below are some of the most common:

- A gift of cash or securities
- A pledge of up to three years
- A gift of real estate or tangible personal property
- A gift through a charitable remainder trust (unitrust or annuity trust) with an income interest retained for life
- Company matching gift programs

PLEDGE YOUR SUPPORT

Meeting our campaign goal and realizing our vision for the future of Chesterfield Montessori School requires everyone’s support. While a one-time cash gift is appreciated, that may not be feasible for everyone. As an option, you may choose to make a more substantial gift over a three-year period.

Note: Level of Giving achieved will reflect the sum of previous and new donations.

SPECIAL TRIBUTES

Please consider joining with others to honor a special individual or the memory of a loved one. Discuss special gift options with Anita Chastain or Amy Beger.
